

Hedges Dental

Dental Discount Plan

We believe that everyone deserves to have a beautiful smile without breaking the bank. That's why we created the Hedges Dental Discount Plan. This plan is reserved for patients that do not have dental insurance.

This plan includes:

- **Two exams per year by Dr. Hedges at Hygiene appointments.** You will either need a prophylaxis which is often referred to as a "regular cleaning" or you will need a Scaling and Root Planing procedure which is often referred to as a "deep cleaning". 40% of the population has active periodontal infection and will need the deep cleaning. It is impossible to know which type of cleaning you will need until you are evaluated by Dr. Hedges and the hygienist. The initial exam and x-rays are included in the cost of the plan. However, there is an additional, but generously discounted, fee for the actual cleanings.
- **All necessary X-rays at hygiene appointments.** Routine X-rays at your hygiene visits are absolutely necessary for proper diagnosis and preventative treatment. All necessary X-rays will be taken at your hygiene visits at no additional cost to you.
- **A Generously Discounted Fee Schedule for all treatment and products.** The fee schedule can be found on our website. The list IS NOT exhaustive, but includes the most common procedures that we perform on a daily basis. If you require treatment that is not listed on our discounted fee schedule, you will receive 30% off of the full fee for that procedure.

Things to Note:

- The plan will expire 365 days after enrolling in the plan, but can be renewed.
- The plan IS NOT transferable to another person for any reason.
- Fees may increase each year, but your fees will remain the same throughout the 365 days on the plan.
- No refunds will be offered. All sales are final.
- If you are unsure if you want to purchase the plan, we will provide an initial exam and X-rays for \$49. If you then decide to purchase the plan, you will be credited the \$49 toward the purchase of the plan.

See reverse side for more details

Cost of plan

AGES 12-17 - \$99/year

AGES 18+ - \$119/year

***AGES 11 and under - \$69 per visit which includes: exam, X-rays, and prophy.**

*We do not sell a yearly plan for this age group because we may or may not provide treatment. This is determined on an individual basis by Dr. Hedges. Children of this age will sometimes be referred to a pediatric dentist if necessary.

Cost of Prophylaxis (regular cleaning) with discount plan

Ages 12-17 - \$40 per visit

Ages 18+ = \$69 per visit

It is our intent to be as transparent as possible and to offer you something of value for a very reasonable cost. We know that dentistry can be a financial burden and we want to help eliminate the stresses that accompany quality dental work.
